- Teachers invested at 55%, the staff did not invest at the same percentage – Jill suggested next year having an invest rate for teachers and a lower one for staff as they make less.
- We hit our sponsor goal!
- 10/6 next Student appreciation day – neon & crazy hair day
- One volunteer of the quarter appreciation drawing is ok per Jill
- Soccer goal assembly on Saturday @ 9am

Megan reviewed budget, nothing out of the ordinary.

Dodgeball – 4 dads managing the event and they are meeting soon with the expectations that they have their plans established by 9/28. So far, they've decided to go with Pizza rather than CFA, Susan agreed to do dirty soda bar. Still debating entry, but likely $10 and that includes grade level colored wrist band. Instead of gaming truck, considering sponsors doing games in the hallway. We need better communication that you don't have to be there the whole night if you have just one kid but also have something to do during downtime for other kids.

Meeting adjourned at 9:55
